---

**PROFILE** | Registered Nurse with over 15 years of experience across renal medicine and geriatric care, delivering high-acuity clinical management of dementia patients and long-term palliative seniors.

## LICENSURE

Registered Nurse, License Number XXXXXX | Expires July 31, 2027

## EDUCATION

Nursing Refresher | University of Somecity | June 2024

Bachelor of Science in Nursing | University of Somecity | 2014

## CERTIFICATION

Gerontology Nursing Certificate | 2022

Basic Cardiac Life Support – Health Care Provider (BCLS-HCP) | Heart & Stroke | 2019

## CAREER BACKGROUND

### Registered Nurse | 2008 to 2025

ACME Medical Facility, Sometown, PV

- led full-scope nursing care for high-acuity renal and geriatric patients, reducing length of stay 20% through structuring assessments, refining treatment planning, and representing consequential and outcome-driven care
- applied advanced clinical reasoning to identify early deterioration indicators, rapidly shifting vitals, and emerging complications, initiating critical risk interventions to maximize patient safety outcomes
- coordinated interdisciplinary care across physicians, allied health, and nursing teams, advancing a multidimensional strategy to prevent readmissions while standardizing execution of prescribed care plans
- organized acuity-driven staff deployment across a 25-patient unit, allocating and verifying nursing coverage to mitigate patient risk, prevent care delays, and sustain clinical stability during peak-demand
- administered geriatric and cognitive care integrating physical, emotional, and psychosocial frameworks, engaging family throughout treatment and receiving atypical commendation for end-of-life care
- led structured patient and caregiver education on disease progression, prevention strategies, and care navigation, reducing repeat care inquiries and furthering continuity between inpatient and post-discharge care
- standardized EMR documentation workflows across PulsePoint and Nexucare platforms, achieving fixed audit readiness and materially reducing documentation discrepancies during compliance reviews up to 35%

## COMPUTER PROFICIENCY

Digital record-keeping in PulsePoint and Nexucare software

Full MS Office Suite with advanced Excel proficiency
